Professional Summary

Motivated and detail-oriented Full Stack Developer with hands-on experience in the MERN stack (MongoDB, Express.js, React, Node.js) through a year-long internship. Skilled in designing responsive web applications, developing RESTful APIs, and optimizing performance. Eager to contribute to innovative projects and expand technical expertise.

Technical Skills

- **Frontend:** HTML, CSS, Bootstrap, JavaScript, React, Next.js, Redux, Zustand, Tailwind CSS
- **Backend:** Node.js, Java, Express.js, RESTful APIs, JWT Authentication, GraphQL
- **Database:** MongoDB, MySQL
- **Version Control:** Git, GitHub
- **Tools & Technologies:** Postman, Agile (Scrum), Visual Studio Code

Professional Experience

Full Stack Developer (Intern)
Azul Arc Pvt Ltd | Oct 2023 – Oct 2024

- Contributed to the development of scalable web applications using the MERN stack.
- Collaborated with UI/UX designers to implement responsive user interfaces with React and Next.js.
- Maintained RESTful APIs and integrated third-party services.
- Improved application performance, reducing response times by optimizing backend processes.
- Actively participated in Agile development cycles, ensuring timely delivery of tasks.

Highlighted Projects

E-Commerce Platform
Technologies Used: React, Express, Node.js, MongoDB

- Designed and developed a comprehensive platform featuring user authentication, product listings, shopping cart, and checkout functionality.
- Integrated secure payment gateways to ensure seamless transactions.
- Increased user engagement by 25% through advanced search and filtering features.

Real-Time Chat Application
Technologies Used: React, Node.js, Express, Socket.io, MongoDB

- Developed a real-time chat application supporting one-on-one and group conversations.
- Implemented WebSocket technology with Socket.io for seamless real-time messaging.
- Integrated user authentication with JWT and secure data storage using MongoDB.
- Designed an intuitive UI with responsive features to enhance user experience.

Blog Application
Technologies Used: React, Node.js, Express, MongoDB

- Built a blog application allowing users to create, edit, and delete blog posts.
- Implemented user authentication and authorization for secure access control.
- Designed a rich text editor for seamless content creation.
- Developed an admin panel for managing users and blog posts efficiently.

Education

Bachelor of Engineering (BE) in Mechanical Engineering
Dr. Rajendra Gode Institute of Technology, Amravati | 2019 – 2022
CGPA: 8.8

Certifications

- MERN Stack Development Certification
- TCS NQT Certification
- National Power Training Institute Certification

Additional Skills

- Strong analytical and problem-solving abilities
- Quick learner with excellent communication skills and a collaborative mindset
